(Public Act 95-0439)

## BEHAVIORAL STRATEGIES

**BEHAVIOR MANAGEMENT AND DISCIPLINE:** Below are strategies Busy Bees staff will use to respond to child misbehavior. It is always a good idea if rules are explained fully and are understood before any misbehavior occurs. Whenever possible, we will include your child in making rules for the classroom.

### **•Redirection**

This strategy will be used most frequently when working with young children. If a child is not following the rules or is being uncooperative, we will quickly get the child's attention and introduce another activity. For example, "Kate, please help me water the flowers now. You've been riding the bike for a long time and it's Logan's turn."

### **•Logical consequences**

These are structured consequences that follow specific misbehaviors. The child should be able to see how the behavior and the consequence are directly related. For example, Andrew is standing on his chair at lunch. His teacher will remind him that if he stands on his chair, he could fall and get hurt. While this may make him sad, it will remind the child of logical consequences.

### **•Participate in the solution**

If a child damages something, he/she needs to help in fixing it or in cleaning up. If a child causes someone distress, he/she should help in relieving that. For example, "It made Brandon very sad when you told him he wasn't your friend anymore. Please come apologize and help me make him feel better."

### **•Natural consequences**

Allowing children to experience the consequences of their behavior is also called learning the hard way. For example, Laura does not put her books back in her school bag after she finishes reading. One day she loses a book, and therefore must find a way to replace it. *We use natural consequences only if they will not endanger a child's health or safety.*

If these actions do not help in reducing or changing behavior the following will take place:

1. Staff will report behavior and what strategies have been attempted to the Director and/or Assistant Director.
2. The Director and/or Assistant Director will observe the child and meet with the Lead Teacher to develop a behavior management plan.
3. The behavior management plan will be discussed with the parent and then put into practice.
4. The Director and/or Assistant Director, Lead Teacher and Assistant Teachers, and parents will evaluate the behavior management plan. If needed, adjustments will be made.
5. If a child's behavior becomes threatening to themselves, other children, staff or teachers, the child will be removed from the classroom and possibly the program.

3. The child's health records are taken to the emergency service provider.

It is extremely important THAT PARENT'S KEEP EMERGENCY CONTACT INFORMATION UP TO DATE AND CORRECT. If the injury is serious (i.e. needs stitches, broken arm, or dislocations, etc.), parents will be responsible for all costs involved in emergency medical treatment, including emergency transportation if required. The School will not be liable for failure to contact you if you do not keep your emergency contact information up to date and accurate.

**POTTY TRAINING:** Our policy is that if a child is observed to be ready for potty training, we will inform his/her parent so that they can initiate the process. We will work as a team with you in order to make this a positive experience for your child. We will not punish any child for a potty accident and only positive and gentle coaching will be given. It is very important that you get involved in the process in order to make this a healthy transition for your child.

**DIAPER CHANGES:** For children using diapers, diapers will be checked and changed every 2-3 hours or more frequently if required. Each child will be diapered after waking up from his/her nap. Hand washing is performed after each change. All children will take a nap at or around noon.

**FOOD:** We provide children with breakfast and lunch. The snack is provided by parents. Children under 2 years of age shall not be fed berries, candies, raisins, corn kernels, raw carrots, whole grapes, hot dogs, nuts, seeds, popcorn, raw peas, or peanut butter, as these foods may cause choking. Any of these food items that are sent by a parent as a snack for a child under 2 years of age will be returned to the parent with a note stating the food is prohibited.

Allergies and special diets must be made known to us. We can put your child on a special diet only with a doctor's note and parents are responsible for their own child's meals if their child is on a special diet. We ask that outside food and candy not be brought into the School. Food for birthdays and special occasions is welcome with prior notice to the School. However, food brought for these occasions must be commercially bought and in their original sealed packages. We meet the USDA minimum meal requirements and established guidelines.
